Counselor Comments

An initial School Readiness inspection was conducting during this inspection visit.

Technical Assistance was provided regarding the new School Readiness standards that were adopted in rule 6M-4.620, F.A.C. that became effective on October 24, 2016. To access the new health and safety requirements visit the following link:

<https://www.flrules.org/gateway/RuleNo.asp?title=Office%20of%20Early%20Learning%20-%20School%20Readiness%20Program&ID=6M-4.620> .

Please be advised that child care providers participating in the child care subsidy School Readiness program must be monitored annually for compliance with the new standards. More frequent inspections may occur if non-compliance standards require a follow reinspection or if complaints are received.

Specific technical assistance was provided regarding:

Pre-Service Training - Training must be completed within 90 days of the date of hire with a program participating in the School Readiness program. Training must be documented on the Departments training transcript or the Early Learning Florida transcript. This is referred to as pre-service training and personnel who have not completed all pre-service training requirements may not be allowed any unsupervised contact with or care of children in a school readiness program (Due March 31, 2017).

Group Size Establishes a maximum number of children that can be in one classroom area. Group size does not apply during times of outdoor play, provided that ratios and the applicable square footage requirements are maintained at all times.

Prior to making changes to classroom set-up by adding stable walls/barriers to divide classroom space you are encouraged to reach out to your local fire department for guidance and assistance. You must also contact your Licensing Counselor to re-measure the classroom space. (Due June 30, 2017).

?Birth -12 months not to exceed 12 children
1 y -24 months not to exceed 12 children
2 y 3 y not to exceed 22 children
3 y 4 y not to exceed 30 children
4 y 6 y not to exceed 40 children

In groups of mixed age ranges, where children one year of age but under two years of age are included, the group size for the youngest population present within the group applies.

In groups of mixed age ranges, where children two years of age or older are included, the group size for the majority population present within the group applies.

Important! As the group size increases and requires additional staff to meet ratio, one staff must possess at a minimum an active credential (Due October 25, 2018)

Expulsion Policy - Each school readiness program must have written policies and procedures regarding discipline and expulsion of children in care. A copy of the current policies must be available to the inspection authority to review. Verification that the program has provided the parent or guardian a written copy of the disciplinary and expulsion policies used by the program must be documented in the child's file with the signature of the custodial parent or legal guardian (Due June 30, 2017).

Emergency Preparedness - The plan must facilitate parent/guardian reunification onsite and offsite. Additionally the plan must include accommodations for infants and toddlers, if applicable, and must describe how the facility will meet the needs of all children, including children with special needs or with chronic medical conditions, during and following an emergency event (June 30, 2017).

Please be advised that the results of this inspection will be shared with the Early Learning Coalition as a component of the programs School Readiness contract file. If you have additional questions concerning the new rule changes you may contact your licensing counselor or local licensing office.
