**Counselor Comments**

It has been determined that the facility is eligible for an abbreviated inspection. Eligibility for an abbreviated inspection is based on a two year window of time in which the provider did not receive any citation of a Class I or Class II violation. Abbreviated inspections may only be used in place of a routine inspection.

The Department of Children and Families, Office of Child Care Regulation has completed the rule promulgation process for Child Care Standards, Chapter 65C-22, Florida Administrative Code. The new rule language became effective on October 25, 2017. Please be advised that your program will be monitored using the new standards during your next licensing routine or renewal inspection whichever inspection type is due next based on your license expiration date.
